

Modular Tensile Membrane Structures

Available Sizes

4000 x 4000mm
5000 x 5000mm

6000 x 6000mm
As Required

Features:

- Classic - wind rated to 144 km/h
Super - wind rated to 180 km/h
Ultra - wind rated to 243 km/h
- Architectural PVC Membrane
100% Waterproof
- Custom & modular designs
- No municipal plan required
- Attractive
- Various membrane colours available
- In-house engineers
- 16 Years experience in Cape Town and International market
- Optional wood cladding
- Galvanised & coated steel,
- Stainless steel components, nuts & bolts and cables
